

LAGERKVIST & PARTNERS

2013-10-11: **NEW ISSUE OF FOUR SIDES IS PUBLISHED**

Since 1996, Lagerkvist & Partners has published Four Sides. The novelty with the latest issue is that we have abandoned physical distribution in favor of electronic publishing. Since several years ago, we have argued that printed media would finally be defeated by new technology.

With that in mind, it was a natural step for us to take Four Sides to the digital World.

FOUR SIDES is published in English. Regarding the general professional confidentiality applicable within the Lagerkvist Group, everything published is approved for publishing by the partners involved.
